

Beamont Primary Academy

Reception Parents Information Pack 2025

Dear Parents,

We are looking forward to welcoming you and your child in to the Reception class at Beamont Primary Academy School in September.

We want this to be the beginning of a happy and successful time for your child and a supportive partnership with you. However, we recognise that starting school can be a bit of a nervous time for both children and parents. The aim of this booklet is to provide you with practical information and some useful advice to help make your child's transition into the Reception Class as smooth as possible. This is a journey we will make together - we look forward to it.

You'll find various top tips which are things other parents have found helpful to know and wanted to share. Top tips are easy to spot and look like this:

If you have any questions or concerns, please do not hesitate to me.

Kind Regards

Mr C Jones

Executive Headteacher

Meet the Reception Team

Miss Lowe
Class Teacher & EYFS Team
Leader

Miss Howard
Class Teacher

Mrs Roberts
EYFS Teaching Assistant

Mrs McElwaine
EYFS Teaching Assistant

What to bring to School

Your child will be learning in both our indoor and outdoor classrooms so, with that in mind, they will need:

- **A warm waterproof coat with your child's name in (nothing expensive as it could get sandy/muddy/wet)**
- **A school book bag**
- **Their school reading record and reading books (these will be provided by us)**
- **A PE bag (this is left in school and sent home every half term for washing)**

When you send letters or money into school, please hand them into the Reception staff at the gate each morning.

What not to bring

- Toys from home - we do not want to be responsible for any losses or breakages
- Snacks (we provide snack for the children)
- Other bags other than school book bag and a drawstring PE bag (there is no room on the coat pegs for back packs)

Helping your child to learn

When your child begins their school life at Beamont, it is our expectation that you support them with their learning at home.

This is done through our on line Learning Journal called Tapestry.

During your induction meeting you will be shown Tapestry and asked to provide an email address so that you can set up your own account. You can then use Tapestry to see what your child has been learning in school each week and to add your own photos and observations of things that you have been doing together at home. This could be the completion of a piece of homework set by the class teacher, an activity such as dancing or swimming etc that your child attends or even the celebration of a family event or outing.

By using Tapestry in this way the class teachers and you as parents can get an all-round view of what the children are learning as well as what their next steps might be. Here are some examples of what an observation on Tapestry might look like:

Heavy and light

21 Apr 2020 07:00 PM by [redacted] Relative

[redacted] went on a hunt to find some items in the house and sort them into which she thought they were. "Mummy the fridge is heavy but I cant pick it up." Well done [redacted] I am very proud o...

Texture

21 Apr 2020 09:27 AM by [redacted]

Can you go on a treasure hunt around your house? Can you pick some different objects and describe their texture? E.g. rough, smooth, bumpy, soft, prickly, shiny. Take a picture of the objects and tel...

Developing Independence

Toilets

We expect that children will be able to toilet themselves independently when they come to school. However, there are bound to be occasional accidents - often because children have become engrossed in an activity. When accidents happen these are dealt with sensitively and discreetly, with the minimum of fuss. If your child has regular accidents, you are welcome to put spare underwear in their book bags.

Own Belongings

We will be encouraging the children to be independent and take responsibility for hanging up their coat and bags on their pegs and for looking after them! However, inevitably things can go astray, so it is VERY important that all your child's things (including coats, shoes, bags and lunchboxes) are **clearly named**. You can buy labels or write their name on labels in their clothing.

- Support your child to be independent so that they can get in and out of their clothes to go to the toilet or to get changed
- Put your child's name in all of the clothes that they wear to school including PE kits and coats

A typical school day in our Reception Class

8.40-8:50 am - Doors open and register time begins

The teachers will meet the children at the Reception gate giving parents the opportunity to pass on any messages or concerns. Children should find their coat pegs, hang up their coats and take reading books and any necessary letters out of their bags.

8:55 am - Morning challenge and Register Time

9.10 am - Literacy Input (whole class)

9:30 am - Child initiated play in continuous provision and adult led focussed activity groups

10.45 am - Differentiated Phonics group teaching

11.30 am - Dough disco

11:50 am - Lunch Time

Lunch Time

12:30 pm - Afternoon register

12:20 pm - Register time

12.30 pm - Maths Input (whole class)

12.50 pm - Child initiated play in continuous provision and adult led focussed activity groups

2.00 pm - Topic Input (whole class)

2.20 pm - Child initiated play in continuous provision and Guided reading sessions

3.00 pm - Story/Rhyme Time. Prepare for home time.

3.20 pm - Home

Snack

Your child will have access to our snack table throughout the day. In the morning, it will be stocked with sugar free cereals (different each day) crackers and butter and small bottles of milk. The children are expected to serve themselves and clear away once they have finished. In the afternoon, they continue to have milk but the cereal is replaced by fruit and/or vegetables.

Pay for your snack with Parent Pay. Snack costs £1 per week. You can choose to either make payments of £1 weekly or you can pay several weeks together up to a maximum of £5 at a time. Contact the school office to request Parent Pay login details if you don't already have them.

Water

Water will be available throughout the day and children encouraged to pour their own water whilst sat at the snack table.

Lunch Time

School Lunch

Our school cook, prepares healthy hot meals for us every day in our school kitchen. **These meals are currently free for children in Reception, Year 1 and Year 2.** Menus are available on our school website and you can help your child to decide what they want beforehand.

Packed Lunch

You can choose to give your child a packed lunch but these must not contain any nut based products. We encourage healthy food choices and ask that no sweets or chocolate should be put in packed lunch boxes. The packed lunch should include a drink that is in a plastic bottle or carton (no glass).

- School lunches are free for children in Reception, Year 1 and Year 2.
- No sweets or chocolate in homemade packed lunches
- No nut based products allowed
- Name all packed lunch bags on the outside

School Uniform

All children should be dressed in school uniform. We believe that by wearing the school uniform children are encouraged to take pride in belonging to the school.

Item of clothing	School expectations Reception
Shirt	White polo shirt or white shirt
Bottoms	- Dark grey trousers/skirt/pinafore dress - Summer options: grey shorts/light blue checked summer dress
Jumper/Cardigan	- Navy blue round neck with school badge on - Navy blue cardigan with school badge on
Shoes	Sensible black flat school shoes with no other colour/logo
Socks	White/grey/grey tights
PE	- Indoor kit: white plain t shirt, grey or black shorts, black plimsolls - Outdoor kit: white plain t shirt, plain grey tracksuit bottoms/ joggers, trainers worn with school sweatshirt or optional navy sports top (badged)

School sweatshirts, cardigans may be purchased from Touchline UK or from Warrington Schoolwear, this can be done either online or direct from the shop,

Touchline UK, Kerfoot Street, Warrington, Cheshire, WA2 8NU

Warrington Schoolwear, 50-54 Buttermarket Street. Warrington, WA1 2NN

Please remember that we have some second hand uniform and this is always available; if you want to purchase stock from our second hand uniform shop, please speak to someone in the office.

Again this year, there is a second hand uniform shop running in the town centre for any parent/carer to make use of.

Please name ALL of your child's clothes including underwear and shoes. Check frequently that their names have not washed out.

PE Lessons

The children will have at least one P.E. session per week. These may occur at different points during the week, so it is VITAL that your child has their full P.E. kit in school each day of the week. It can be left on their peg during the week and we will make sure it returns home at the end of each half term for a good wash!

Indoor P.E. Kit includes:

- Black/Grey shorts
- White t-shirt
- Black pull on pumps or trainers
- School Jumper/Cardigan or optional navy sports top (with school logo on)

Outdoor P.E Kit includes:

- Plain Grey tracksuit bottoms/joggers
- White T-Shirt
- Trainers
- School Jumper/Cardigan or optional navy sports top (with school logo on)

Please ensure that all items are named!

Please be aware that jewellery is not allowed to be worn in school and cannot be worn during P.E. lessons under any circumstances.

Please help your child to learn how to get changed out of their uniform and into other clothes.

Staying in Touch

Tapestry

Tapestry is our main form of communication with parents and carers. You can add a message onto Tapestry at any time of the day/week and your Reception team will get back to you as soon as they can by commenting on your message. This is often useful if your child has any worries about coming to school or if there is something you would like us to know about before they come to school that morning. It can even be used for questions such as what day is PE etc! Reception staff will get back to you quickly. More details about how to do this will be discussed in your 1:1 meeting.

School Website

Here is the school website address: www.beamontprimary.co.uk. You can find lots of useful information on there.

School Newsletter

There is a weekly newsletter that will be sent to you via email on a Friday. Please make sure that you read it, as it tells you about school developments and events. Newsletters are also uploaded to our website.

Facebook

We also have a school face book page which can be found at:

<https://en-gb.facebook.com/beamontcp/>

We use our Facebook page to share school news and events.

Illness and Absence

In the case of illness please telephone or email the school office to let us know. We operate a "first day response" system where if we have not heard from a parent about their child's absence by 9.15am we will contact them by telephone to find out the reason. If your child has a medical appointment, please let us know in advance where possible. If your child has sickness or diarrhoea, this must be followed by a 48 hour absence.

What to do if your child needs medicine

We only administer prescription medication and in order to do so we need you to complete a form authorising us to do so. Medicines should be given in at the main office.

Learning in the Early Years Foundation Stage (EYFS)

Early Years is where the excitement begins! The children learn together in an environment which is developed around their interests. We pride ourselves on being an exciting and engaging place to be - encouraging our children to be active and independent learners through a range of both adult-led and child initiated practical activities.

Our teaching is delivered through carefully planned whole class lessons and small group activities. These activities give children a wide variety of learning experiences and are all linked to the EYFS curriculum. Their development is tracked through detailed, daily observations and child-initiated interaction and their individual next steps carefully planned out.

Within the Early Years Foundation Stage curriculum there are seven key areas of learning:

Personal, social and emotional development		Communication and Language		Physical Development	
Literacy	Mathematics	Understanding the world	Expressive arts and design		

Personal, Social and Emotional Development

Children will be given the opportunity to develop their confidence and self-esteem. They will be supported to make friendships, to respect themselves and others. They will be encouraged to have a positive attitude to learning, to concentrate and persevere at activities and to develop independence with dressing and self-help skills.

You can help by:

- encouraging your child to be positive about new experiences
- encouraging independence, self-help and organisation skills e.g. dressing, looking after toys
- praising your child often and celebrating his or her achievements
- encouraging your child to respect other cultures and beliefs
- talk about feelings and encourage your child to be sensitive to the feelings of others
- playing games which encourage turn-taking and sharing

Communication and Language

As children develop their speaking and listening skills they build the foundations for literacy, for making sense of visual and verbal signs and ultimately for reading and writing. In the Reception class, children will be given opportunities to interact with others, to develop their communication and speaking skills through all activities and encouraged to respond to questions using accurate vocabulary.

You can help by:

- talking with your child as often as possible
- modelling good conversational skills
- helping your child to learn new words
- explaining the meaning of words
- asking your child to follow instructions

Physical Development

Children will have opportunities to develop their fine and gross motor skills. They will learn to control and co-ordinate their movements. Good physical development helps children to become confident and feel the benefits of being healthy and active. A great deal of emphasis is placed on children being physically active outdoors and we are fortunate at Beamont to have a well-equipped outdoor classroom. Children will also develop the fine motor skills to enable them to use tools and writing equipment, which will support their handwriting and letter formation.

Your child will be in a class of approximately 30 children. It will make starting school much easier and happier if they are encouraged at home to be independent. You can help by encouraging your child to:

- dress and undress independently
- **use cutlery** and cut up their own food
- deal with their own toileting needs
- **handle a pencil/pens** for colouring or drawing
- **use scissors** - Cut paper/card/pictures out of catalogues
- write their own name
- have **regular and frequent physical activity** including ball games and trips to the park. It is very important for young children to develop their upper body strength and gross motor skills, as these have a direct impact on children's fine motor and writing skills.

Literacy

We encourage children to develop a love of books and stories and to practise mark making skills through a variety of media. At Beamont, we teach children to read and write by looking at, and talking about, the pictures in their books, learning their high frequency words and during our daily phonics lessons.

You can help by:

- reading to your child as often as possible at home - bedtime stories, comic books, e-books. Visit the library and build up a love of reading from the offset
- being a positive role model, showing how reading helps us to find out things, and writing helps us to give others information
- looking at pictures in books, talking about stories, predicting endings
- **always** making the times when your child reads to you very positive and enjoyable
- encouraging your child to write using lower case letters except at the beginning of a name or a sentence i.e. when they are writing their name they should write Dylan and **not** DYLAN

If you have started to teach your child about letters and the sounds that they make, it would help if you:

- Visit <https://www.youtube.com/watch?v=TkXcabDUg7Q> to listen to the **correct** sound pronunciation and view **correct** letter formation. Avoid adding an 'uh' to sounds. E.g. 'S' is pronounced "sss" rather than "suh" and 'r' is pronounced "rrr" rather than "ruh". (click on the icon of the ear to hear the sound)
- Teach your child the letter **sound** rather than the letter **name**. We will be teaching them both letter sounds and names, but letter sounds come first.

Mathematics

This area of learning includes numbers, counting, sorting, patterns, calculating, shape, space and measures. Children will be supported to understand these concepts through practical activities and real-life situations.

You can help by:

- using practical, everyday activities to encourage counting or sorting for a real purpose e.g. setting the table, matching socks
- playing board games with dice, dominoes and cards
- using mathematical language such as: more, less, add, take away, makes, total, altogether, bigger, smaller, heavier, lighter
- using positional language such as under, over, on top, behind, in front, in between
- cooking with your child to model weighing

Understanding the World

This area of learning helps children to develop the knowledge, skills and understanding that will enable them to make sense of the world.

Children will have the opportunity to explore and investigate objects and living things, to find out about everyday technology, to find out about their local environment and the natural world and about different people and places.

You can help by:

- encouraging your child to observe and think about differences and changes e.g. in the weather and seasons
- using outings to look at different places and think about how we get from place to place
- encouraging the use of computers as tools and not just as toys
- helping your child to understand about different people in our society
- avoiding using your phone during 'talk time' with your child

Expressive Arts and Design

Children will be given opportunities to: design and make things using various tools and resources, express and communicate their ideas, thoughts and feelings through a range of media and materials, role-play, dance, singing and music.

You can help by:

- encouraging drawing, painting, chalking activities, junk modelling
- singing songs and listening to music with your child
- providing opportunities for dressing-up and pretend games
 - being pleased by the things your child has created at school
- encouraging use of tools such as scissors and sticky tape to create models

Starting School Checklist

Use the toilet
independently

Get dressed and
undressed

Use a knife and
fork to cut up food

Take off coat and
hang it up

Put on coat and
fasten it up

Change shoes

Wash and dry hands
with warm water
and soap

Share toys and take
turns

Help to tidy toys
away

We are really looking forward to supporting your family as your child takes their next step in their learning journey. Please contact us if you have any questions, now or in the future.

We look forward to seeing you in September.
